

A photograph of a snowy landscape. A path covered in snow leads from the foreground towards a line of trees in the distance. The trees are mostly bare, suggesting winter. The sky is a clear, pale blue with a few wispy clouds. The overall scene is peaceful and serene.

AVES DE LAS CUESTAS

A detailed illustration of a Zebra Sparrow (Pezopachus zeylanicus) perched on a large, light-colored rock. The bird has a brown and white striped pattern on its body, a small crest on its head, and a long, thin beak. The background is a soft, out-of-focus green field.

A detailed illustration of a Black and White Bird, possibly a species of warbler, perched on a gnarled, leafless branch. The bird has a black head and back, a white underbelly, and a distinctive black and white pattern on its wings. The background is a soft, out-of-focus green, suggesting a natural habitat.

A detailed illustration of a Meadow Lark (Sturnella magna) standing on a patch of ground with small rocks. The bird is shown in profile, facing right. It has a white head and neck with a prominent black 'V' mark on its forehead. Its back and wings are brown with dark streaking, and its underparts are a lighter, buff color. The background is a simple green field.

A detailed illustration of a European Robin (Erithacus rubecula) perched on a green branch with yellow flowers. The bird has a greyish-blue head, a white breast, and a reddish-brown body. It is facing right, with its tail feathers visible. The background is a simple green field.

A detailed illustration of a Red-winged Blackbird (Agelaius phoeniceus) perched on a dark, textured rock. The bird is shown in profile, facing right. It has a black head and back, a white throat and breast, and a prominent red patch on its wing. The background is a simple, light green field.
